RELEASE

Since October 2018, WILPF Cameroon has been carrying out a unique observation and monitoring of the conflict driven factors and violences in the electoral process, through its innovative and participatory mechanism called "Women's Situation Room Cameroon".

Following a first successful experience held during the 2018 presidential election, WILPF Cameroon produced and made public a report on the observation of the conflict driven factors and violences in the electoral process with recommendations to better support the various actors involved in the preservation of peace during future elections.

As WILPF Cameroon prepares to renew this monitoring experience for the 2020 legislative and municipal elections, we are alerted by partners who indicate that they receive requests and messages from individuals and organizations claiming to act on behalf of WILPF Cameroon or on behalf of a project of with the same designation as the "Women's Situation Room Cameroon" of WILPF Cameroon.

WILPF Cameroon wishes to bring to the attention of its partners and the general public that it has not mandated any national or international organization or administration to conduct the "Women's Situation Room Cameroon" and is not associated with any request for support or backing for this purpose. Consequently, WILPF Cameroon calls for the utmost vigilance and declines all responsibility for the actions of third parties, associations or groups of associations using a name close or not to the "Women's Situation Room Cameroon".

WILPF Cameroon specifies that the "Women's Situation Room Cameroon" and its references are well known to the actors of the Cameroonian humanitarian sphere since the official inauguration by MINJUSTICE and UN Women of this project 04 October 2018. Faithful to its reputation, WILPF Cameroon and its recognized partners will continue the activities of the "Women's Situation Room Cameroon" in February 2020, the electoral period, in order to ensure its contribution to sustainable peace in Cameroon.

The free access number for any person wishing to obtain advice or assistance, or having an alert, documentation or testimony related to the protection, maintenance or preservation of peace is and remains 8243.

Sylvie Jacqueline Ndongmo, President of WILPF Cameroon
